## DuPont™ ProShield® 60 Coveralls

ProShield® 60 garments are suitable for protection against non-hazardous particles, light liquid splash and aerosols in many industrial applications. Made with a microporous film that is laminated to a spunbonded polypropylene substrate. Applications include: automotive refinishing, waste cleanup and remediation. Coveralls have zipper front, serged seams. White.

## DuPont™ Tyvek® 400 Coveralls

Provides an effective barrier for dry, small particles, even after abrasion, with an ideal balance of protection, durability and comfort. Flashspun high-density polyethylene substrate provides comfortable, inherent barrier protection against hazardous dry particles and light non-hazardous liquid splash. Proprietary comfort-fit design offers greater range of movement and increased worker comfort. Features serged seams and nylon zipper. White.

Personal Protection

## DuPont™ Tychem® 2000 Coveralls

QC122S

Made with polyethylene-coated fabric which provides protection against light liquid splash. Bright yellow color creates contrast across a wide range of natural backgrounds for high visibility in the workplace. Lightweight fabric is durable and resistant to tear and abrasion. Ideal for use in chemical processing and manufacturing applications. Features zipper front.

Warning: Not flame-resistant and should not be used around heat, flame, sparks or in potentially flammable or explosive environments. Garments should have slip-resistant or anti-slip materials on the outer surface of boots, shoe covers or other garment surfaces in conditions where slipping could occur. Consult user manual for instructions on proper use, care and maintenance of Tychem® garments.

**DuPont™ Tychem® 6000 Coveralls**

Made of proprietary barrier film laminated to Tyvek® substrate. Fabric provides at least 30 minutes of protection against over 180 challenge chemicals including chemical warfare agents and toxic industrial chemicals. Strong, durable and lightweight. Low-visibility gray color is preferred by law enforcement, emergency medical service (EMS) technicians and military personnel. Taped seams (sewn seams covered with a strip of compatible chemical-resistant fabric through heat sealing) offer strong chemical resistance against heavy liquid splashes. Features 2-piece attached hood design with zipper that extends to chin, storm flap that covers zipper, and elastic openings for tighter fit.

Warning: Not flame-resistant and should not be used around heat, flame, sparks or in potentially flammable or explosive environments. Garments should have slip-resistant or anti-slip materials on the outer surface of boots, shoe covers or other garment surfaces in conditions where slipping could occur. Consult user manual for instructions on proper use, care and maintenance of Tychem® garments.
