

# Hand Protection

Gloves are relied upon to prevent cuts, abrasions, burns, and skin contact with chemicals. Employers are required to provide workers with gloves suited specifically for each work task that will provide the best protection possible.

Visit [www.osha.gov](http://www.osha.gov) for complete details and regulation requirements.

#### RigDog™ Impact Gloves

Offers excellent metacarpal protection against incidental impacts. Polyvinyl chloride (PVC) impact patches are ergonomically placed for optimal protection in oil and gas, construction or mining applications where risk of hands being impacted is high. Molded PVC material provides excellent metacarpal protection. Hi-viz Spandex® fabric stretches easily for flexing to help reduce hand fatigue. Silver, reflective piping enhances low-light visual awareness. Features hook-and-loop closure, silicone safety grip pattern and reinforced thumb crotch. CE certified to EN420 and EN388.
